- (iii) **T3 - Net Worth:** Net Worth of tenderer during last audited financial year should be \geq **Rs.55.77 Crores**. In Case of JV/Consortium- Net worth will be based on the percentage participation of each Member.

Example: Let Member-1 has percentage participation = M and Member-2 has =N. Let the Net worth of Member-1 is A and that of Member-2 is B, then the Net worth of JV/Consortium will be $= \frac{AM+BN}{100}$

- (iv) **T4 - Annual Turnover:** The average annual turnover from construction of last five financial years should be $>$ **Rs.223.07 Crores**.

The average annual turnover of JV/Consortium will be based on percentage participation of each member

Example: Let Member-1 has percentage participation = M and Member - 2 has =N. Let the average annual turnover of Member-1 is 'A' and that of Member-2 is 'B', then the average annual turnover of JV/Consortium will be = $\frac{AM+BN}{100}$

Notes:

If audited balance sheet of any year other than the last year is not submitted, the tender will be considered as non-responsive.
- b) Where a work is undertaken by a group, only that portion of the contract which is undertaken by the concerned applicant/member should be indicated and the remaining done by the other members of the group be excluded. This is to be substantiated with documentary evidence.

1.1.3.3 Bid Capacity Criteria:

Bid Capacity: The tenderers will be qualified only if their available bid capacity is more than the approximate cost of work as per NIT. Available bid capacity will be calculated based on the following formula:

$$\text{Available Bid Capacity} = 2 \cdot A \cdot N - B$$

Where,

A = Maximum of the value of construction works executed in any one year during the last five financial years (updated to last day of the month previous to the month of tender submission price level assuming 5% inflation for Indian Rupees every year and 2% for foreign currency portions per year, on compounding basis).

N = No. of years prescribed for completion of the work
