1	II	SCC	13.2.1	28-30 of 38	Variation in Quantity "Add the following new Sub-Clause: i) The quantities of items shown in the Bill of Quantities.....under the conditions for the settlement of dispute."	Payment for Unlisted Utility Types Encountered at Site: The tender documents specify lump-sum items and specific descriptions for utility identification and shifting. If an actual utility type or material (other than pipe diameter variations already provided) is encountered during identification at site that was not originally scheduled or listed in the BOQ, how will its payment be processed and measured? Furthermore, what specific elements and cost components will be counted for its evaluation under the lump-sum provisions?	Tender condition Prevails.
2	II	SCC	8.4	24-25 of 38	Extension of Time for Completion "Sub-Clause 8.4 is replaced with the following.....for completion, as he may decide"	Entitlement to Time Extension and Associated Price Variation: We would like to clarify whether an extension of time (EOT) is permissible under this contract for delays arising from third-party hindrances, delayed front handovers, or utility-owning agency dependencies. Specifically, if a time extension is granted under the contract conditions, will the contractor be entitled to price variation/escalation adjustments during the extended period, or is the contract strictly governed by fixed-price terms without price variation?
